Hi guys,

It has been so long since asking for prayer, I forgot how to begin.

Maybe that is why it has been so long since sending a newsletter.

All is well with Jacque and me.

She has gone to the church office to meet with the tax consultant.

Her German language skills are amazing, as well as her mastering the tasks she completes there.

Jacque is also referred to many as their spiritual mother, so she has a greater purpose here in Freiburg.

Personally, I have two more weeks of teaching through the book of Daniel before flying west to America, stopping on the east coast.

Before coming to Europe, over 10 years ago, I have always wanted to serve at YDI,

(Youth Development), in Head Waters, Virginia, and now I have the chance.

It will be a short term mission's trip back to America. As I read the news of what is going on in America, I sometimes wonder, what are we doing over here?

I would ask for your prayers that God would also use this time to clarify direction for future ministry.

I will also go north to Massachusetts to spend some time with my mom, and help around her around the house.

As for now, I simply ask for prayer as I prepare the bible study to encourage the young Germans on Wednesday night at Crossroads.

We are realizing that these days due to spam, not everyone receives our mail.

A quick response would be appreciated so we know who does receive our mail.

A longer response of what is going on with you would also be appreciated.

LG,

John
